Bill Binzen : The Berkshires (Berkshire Outdoors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Berkshires (Berkshire Outdoors):

0 of 0 people found the following review helpful. Unique Perspective By Sabra Redfern I've had a Bill Binzen photo hanging in my office for a number of years. When I found the Berkshires book I was very excited to see more. The book didn't disappoint. Here are more of his point of view! 4 of 4 people found the following review helpful. Fantastic foliage By Lambol I'm originally from Western Massachusetts now living in Northern California and recently went back to the Berkshires for a visit. This book was in every room of the large resort we stayed at and I immediately went and purchased my own copy at the gift shop. There are amazing seasonal pictures of the entire Berkshires region along with some of the authors commentary and local history. If you have ever been to the Berkshires in Mass, this publication will take you back and if you've never had the opportunity to travel there you'll feel as if you did after thumbing through the book.

A collection of color photographs capturing the serenity and the drama of the Berkshires.
