Getaway Guides : The Best of Spain for Tourists before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best of Spain for Tourists:

1 of 1 people found the following review helpful. A book to give more information about good places to visit in Spain.By John C. DavidThis is a short book packed of information about good places to visit once you tour in Spain.Unlike any other guide books for tourist, this book did not give much of step-by-step information on how to get to that particular place or how much possibly can you spend there etc. However, the description given for each restaurant, beach, museums, shopping districts, parks and all wonders in Spain were still helpful.This is a good read for people who would like to know more about Spain especially if they have plans of visiting that beautiful place.2 of

2 people found the following review helpful. Very bad product.By John HelfrichVery disappointed. For the money I paid--this was just a little thin handout. I was expecting a book that would go into depth on each of the major cities (and their sites). This was no more than an advertisement. Total rip off and waste of money.0 of 0 people found the following review helpful. Four StarsBy A. Hasegawacan't beat the price, came quickly, just as advertised.

Spain is a country that is filled with a lot of delightful restaurants. Whether you are a lavish spender or a traveler with a tight budget, you can easily find an eatery that will suit your tastes and preferences. Aside from the menu, the designs of these establishments are all carefully planned to make sure that everyone will have a pleasant dining experience. With more than 5,000 miles of breathtaking and sandy coastline, searching for a beach in this country can be a very easy task. Tourists usually flock towards popular areas such as Costa Blanca, or Costa del Sol. However, there are still other beaches that are as beautiful as the two but less congested and more peaceful. Galleries and museums are sanctuaries for people who are too tired with the hustle and bustle of the city. They may not be as serene as a beach, but these establishments are still good places to visit if you want to loosen up a bit. In addition, it is also nice to learn a little bit of history every once in a while.
