The drawings are much more simplistic and less detailed, but they really do capture the beauty and essence of the Channel Islands, and they will suit some people more than others. Still a really lovely book to have, and suitable not just for grown ups.

The Channel Islands have charmed visitors for centuries, and this collection of intricate illustrations is a celebration of the islands' unique appeal. Featuring a range of picturesque vistas from Guernsey, Jersey, Alderney, and Sark, scenes include sandy beaches, walking trails along cliffs, and beautiful inland valleys, to scenic towns and defensive castles that have remained relatively unchanged for centuries. Each stunning scene is full of intriguing detail sure to fire the imagination and make you reach for your coloring pencils. There are absolutely no rules—you can choose any combination of colors you like. If you love the Channel Islands, then you will love coloring it in!
