Paddy Dillon : The Cleveland Way Map Booklet: 1:25,000 OS Route Mapping before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Cleveland Way Map Booklet: 1:25,000 OS Route Mapping:

All the mapping you need to complete the Cleveland Way national trail. A long-distance route of 177 km (110 miles), giving around 9 days of easy and enjoyable walking through the North York Moors National Park, taking in open heather moorlands, gentle dales, interesting towns and villages, and dramatic cliff coastlines. This booklet of Ordnance Survey 1:25,000 Explorer maps has been designed for convenient use on the trail. It shows the full and up-to-date line of the national trail, along with the relevant extract from the OS Explorer map legend, and can be used when walking the route in either direction. It is conveniently sized for slipping into a jacket pocket or the top of a rucksack and comes in a clear PVC sleeve. This booklet is included with the Cicerone guidebook to the Cleveland Way and the Yorkshire Wolds Way National Trails.
