Terry Marsh : The Coast to Coast Trail (UK Long-distance Trails) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Coast to Coast Trail (UK Long-distance Trails):

1 of 1 people found the following review helpful. good pocket guide book By Karen F. Daniels The cover of the book is waterproof and it is a handy size to take with you on the coast to coast walk. The instruction seem good but are a bit dry, but there are great photos included. The maps are harder to follow than some of the other guide books with hand drawn maps, but we will be taking at least one other book with us and will compare instructions and maps on each leg of the walk. This guide does give nice bits of history for each area, but no information on where to stay or eat. But

overall it is a good guide to have on the walk.0 of 0 people found the following review helpful. Great Book, Great Trail!By Sonya DI bought this before hiking the Coast to Coast trail in England to give me a good overview of the trail,for which it did. Enjoyed reading it and it provided some helpful information. The trail was amazing and I had the time of my life!0 of 0 people found the following review helpful. but not as good and to-the-point for directions as Stedman's Coast to Coast ...By JLDacent guide with interesting info or local lore, etc, but not as good and to-the-point for directions as Stedman's Coast to Coast Path.

A new description of the walk across the width of England from St Bees Head in Cumbria to Robin Hood's Bay on the east coast, which differs from the original route by keeping strictly to rights of way and permitted paths. From the CICERONE GUIDES series.
