**Sam R. : The Complete Insider's Guide to Romania: 2013** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Insider's Guide to Romania: 2013:

5 of 5 people found the following review helpful. Love It!By IkatThis is NOT at typical guidebook. It starts with the authors very funny observations on Romania, moves to good descriptions of important places and sites and ends with information for people who plan to live there.As a very experienced traveler, what I lime about it is its honesty and selectiveness. It is free of travel writer hype, where every site is wonderful. It doesn't discuss every last attraction, confusing you and making it difficult to plan an itinerary. Instead, you get highly opinionated recommendations and

practical information. This has made planning my upcoming trip to Romania so much easier. 0 of 0 people found the following review helpful. WHY DON'T YOU FIX IT? By Winthrop Allen Beginning on p.260, are many Romanian words and phrases. The Romanian spelling, the Romanian phonetic, and English translation are presented. But something has happened, all those variables are mashed together as if one word. It is very difficult to use, useless, really. WHY DON'T YOU FIX IT? 4 of 4 people found the following review helpful. A Funny Yet Insightful Look at the Real Romania By Cynthia Close When I received an invitation to jury a film festival in Sibiu Romania, I immediately said "yes" - then realized I knew next to nothing about Romania. This self-published book was a delightful find, quirky and funny, it was like learning about a place from a best friend who had been there.

When most people think of Romania, they think of gymnastics, vampires, gypsies and orphans. I know because I knew little else when I first set foot here years ago. It's not Romania's fault that it is so poorly understood outside its borders. It is only just now that visitors are starting to appreciate this magnificent jewel right at western Europe's doorstep. While other guidebooks on Romania are written by people who visit here once every few years, I live here and this is my home. I speak the language and understand the culture. It is my privilege and honor to now extend my knowledge unto you. If you or anyone you know is going to Romania, even for a short time, this book will be worth its weight in gold to you as an expert guide on traveling, visiting and understanding Romania. Included inside are Romanian food recipes, detailed travel tips, exact guides on how to never get ripped off, what dangers to avoid, understanding Romanian cultural basics, how to talk to people and most importantly, how to have a wonderful time!
