**Sam R. : The Complete Insider's Guide to Romania: Christian Missionary Edition: 2011** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Insider's Guide to Romania: Christian Missionary Edition: 2011:

1 of 1 people found the following review helpful. Very helpful! By Carrie I read this book while preparing for a 2 and a half month mission trip to Romania. I found some grammar/typo problems, but the information was so good I could

overlook it and move on. I'm a good editor so things like that jump out at me all the time. When I got to Romania I experienced a lot of things where I could say, "I read about this in that book!" Sam has a way of being brutally honest without the brutality. His love for Romania and its people (including the very despised Gypsies) is evident yet he doesn't hold back the truth about the culture. Unfortunately I had to leave my copy in Romania because I was bringing back too much honey and chia seeds to fit it in.

An in-depth look at visiting, living in and experiencing all the timeless wonders that Romania has to offer, written by someone who has lived here for years and speaks and understands the local culture. This edition has been specifically tailored to the thousands of Christian missionaries who donate their time, energy and love to improving the lot of the peoples of Romania. GOD BLESS YOU!
