It's a nice size to take along, since it's just a little smaller than a regular sheet of paper. There are 25 coloring pages that will keep me occupied for quite a while. Some pages are very intricate, others are simpler, and the artwork is beautiful. I look forward to curling up in a cozy blanket with a mug of cocoa and my new coloring book, unwinding and letting the stress slip away. I will be buying several of these as gifts for friends who could use more Hygge in their lives. =>2 of 2 people found the following review helpful.
