This is a very good book if you are planning to spend a good ...By KatieThis is a very good book if you are planning to spend a good deal of time in Glasgow. The walks are well defined and well thought out. It doesn't meet my needs quite; I'll only be there for two days and would prefer to spend my time at different venues than those defined in the two day trip itinerary, but it is well organized and informative. Can't blame the book though for my limits.5 of 5 people found the following review helpful. The Glasgow GuideBy A CustomerWe have just returned from Glasgow (8/1/02) and used this guide extensively. Our favorite series is published by Cadogan and if you know the style and approach of Cadogan you will know the style of this as well: literate; enough information but not too much; fascinating detail; and, plenty of opinion and humor. The matrix which show the major attractions (museums, churches, etc.) by walk should be a mandatory part of every walk oriented guide. We enjoyed Glasgow in ways never anticipated and this excellent guide was the reason.

This guide outlines 13 walks around Glasgow city centre, west end and south side, providing a detailed and knowledgeable look at the city's finest buildings and points of interest. Chapters cover: graveyards; museums and galleries; and Charles Rennie Mackintosh and Alexander Greek Thomson.
