5 of 5 people found the following review helpful. InvaluableBy Joe GalascioneA fantastic book and probably the best source of info on the Gulf of Naples that is available in English. Though not a guide book in the strictest sense, you can still create an itinerary based on the information provided from this book. Each section is devoted to a specific area of Campania and provides history, stories, legends and pictures. I couldn't recommend this book enough if you are ever planning to visit this wondrous and beautiful area of Italy1 of 4 people found the following review helpful. Didn't get to dive here my last (and first) trip to Italy last fall, but picked up this reference as diving here is on my "bucket list".

A travel book on discovering Naples: the Italian city with a great historical tradition. From the Greek period to Goethe.
