**Sir Robert Wilson IV : The Houses of Parliament** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Houses of Parliament:

This wonderful building combines the historic site of the old royal Palace of Westminster with the good planning and fine craftsmanship of the nineteenth century. For over 700 years it has been the cradle of democracy. The guidebook describes the many aspects of the building and will help you enjoy the marvellous interiors created by Barry, Pugin

and their successors. Look out for more Pitkin Guides on the very best of British history, heritage and travel.
