Justi Carey, Roy Clark : The Julian Alps of Slovenia: Mountain Walks and Short Treks before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Julian Alps of Slovenia: Mountain Walks and Short Treks:

0 of 0 people found the following review helpful. Feels like you are on the trail By Customer This book has great information on hiking trails, the level of difficulty and plenty of maps. You'll still want to buy topo maps and they tell you which ones. There's plenty of photos and the text does a great job in laying out what's in store, like slippery rocks or wet marshy areas, as well as beautiful vistas, historic sites, and natural features like waterfalls. 0 of 0 people found

the following review helpful. Awesome resource
By Alex
Very helpful. Easy to read, and the details are spot on. Gave us some great ideas beyond what we were already planning. It would be nice to have more info on the kocas and doms, but this is an excellent guide for your trip through the Julian Alps.

Five Stars
By Robin Meyer
Great book

This book contains around 50 walks which bring the best of the Julian Alps to the English-speaking walker. The walks are based around five bases - Kranjska Gora, Bovec, Kobarid, Bled and Bohinj - all of which have a range of accommodation and public transport facilities. There is something here for everyone - from easy valley walks and rougher forest trails to high mountain protected routes, some of which require Alpine mountaineering experience. Several possibilities for multi-day walks are included. The Julian Alps are situated in the small independent republic of Slovenia, at the south-eastern end of the Alpine chain. Their highest peak, Triglav, at 2864m, may be smaller than some of the better-known western giants, but what they lack in stature they make up for in interest and accessibility. The dramatic limestone peaks drop steeply through forests to flower meadows, and will give you a feast for the eyes no matter which direction you turn.

About the Author
Roy Clark and Justi Carey started visiting the British mountains in their teens, a discovery which shaped their whole lives. In 2002 they moved to Slovenia in search of new challenges, and are currently living in the heart of the Julian Alps, where they are happily exploring this new area and culture.
