Because of this book I became a great fan of Samuel Johnson. Johnson is famous for his conversation because of Boswell's book, his dictionary and his own writing. This book makes him human. There are those who carp at Boswell's failings and the problems with the book, but we are still talking about it 250 years later.2 of 2 people found the following review helpful. Amazing use of the English language.By TheodoreNever have I read such beautiful sentences. We have lost this colorful use of words.1 of 1 people found the following review helpful. and you'll understand a great man.By D. J. SingerThis is the seminal work for Boswell, "his life of Samuel Johnson. It was the very first true biography written by someone who lived with the subject, and knew him over a period of years....I admit it will take some work to get into this book, due to the archaic language, but read it slowly, and you'll understand a great man.
