From Brand: Seven Hills Books : The Loire Valley: A Phaidon Cultural Guide With over 250 Color Illustrations and 6 Pages of Maps before purchasing it in order to gage whether or not it would be worth my time, and all praised The Loire Valley: A Phaidon Cultural Guide With over 250 Color Illustrations and 6 Pages of Maps:

0 of 0 people found the following review helpful. A Gem.By JimmieExcellent Guide and a good armchair travel read.4 of 4 people found the following review helpful. Superb Summary With Photos - Best in its classBy C. E. AllenThis guide book is a treasure. Having been to the Loire Valley 10 times, this is always a companion as it has excellent photos, schematics and histories of each of the more than 80 castles in the Eastern and Western Loire area.While Michellin has maps and photos their books lack the conciseness and clarity.0 of 1 people found the following review helpful. Obviously not part of the International Geophysics SeriesBy K SchefflerThis volume is incorrectly listed all over the Internet as being part of the International Geophysics Series. The isbn indeed corresponds to the guide book pictured in this listing, which I wish I would have seen prior to ordering it from another online bookseller. In its own right the guide book looks to be interesting and informative, many colour photos and several diagrams.

Describes chateaus, castles, cathedrals, Roman ruins, museums, and other points of interest in France's Loire Valley.
