Good balance of historical stuff and current interest. We lived there 40 years ago and our most recent visit was two months ago - we purchased this book as a current and sentimental reminder of all we have seen/done there. Frankly, it's the best "London" book we've seen! Well done! 1 of 1 people found the following review helpful. Beautiful gift!! By Bre Really cool book with beautiful pictures. The pictures are so high quality that it makes you feel like you are there looking at all of this in person. I bought it for my London-obsessed girlfriend for Christmas one year and she was absolutely in love! I say it's a great book for a London fanatic. 0 of 0 people found the following review helpful.
