1 of 1 people found the following review helpful. Just OkayBy Cinder89I own three coloring books by History Press: Ireland, Scotland, and this one. It's okay. It's smaller than the Ireland coloring book which makes it a little more difficult to color the smaller features in the book. It also focuses on a lot of things that aren't the very touristy places in London. I think it would have been better to have maybe 5 England coloring books (Northern, Southern, Central, Western, and Eastern) rather than a London coloring book and a book for each major county or district. There are a few pages in here that I will enjoy coloring, but a lot of them I will not bother with.

London has charmed visitors for centuries, and this collection of intricate illustrations is a celebration of the city's unique appeal. Featuring all the famous London landmarks such as Buckingham Palace and the London Eye as well as beautiful scenes of London life, each stunning scene is full of intriguing detail sure to fire the imagination and make you reach for your coloring pencils. There are absolutely no rules—you can choose any combination of colors you like. If you love London, then you will love coloring it in!
