Excerpt from The Luck of Thirteen: Wanderings and Flight Through Montenegro and SerbiaIT is curious to follow anything right back to its inception, and to discover from What extraordinary causes results are due. It is strange, for instance, to find that the luck of the thirteen began right back at the time when Jan, motoring back from Uzhitze down the valley of the Morava, coming fastish round a corner, plumped right up to the axle in a slough of clinging wet sandy mud. The car almost shrugged its shoulders as it settled down, and would have said, if cars could speak, Well, what are you going to do about that, eh It was about the 264th mud hole in which Jan's motor had stuck, and we sat down to wait for the inevitable bullocks. But it was a Sunday and bullocks were few; the wait became tedious, and in the intervals of thought which alternated with the intervals of exasperation, Jan realized that he needed a holiday.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books.
