But readers may be surprized to find how well he was able to depict even some small moments from his life. He is very focused on his feelings and is a master of conveying them. A true romantic. Read the chapter about the re-burial of his first wife and be amazed. Reality is often more fascinating than fiction!0 of 0 people found the following review helpful. Love the bookBy margot van hornLove the book and the pictures in it. It's obviously a used book but certainly the condition is good enough to put in my library.

Book by Berlioz, Hector
