**From imusti : The Munros: Scottish Mountaineering Club Hillwalkers' Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Munros: Scottish Mountaineering Club Hillwalkers' Guide:

This 2006 revised reprint of the best selling guidebook to the Munros contains a completely new set of maps, which as well as showing the Munros and Munro Tops will also show all of the neighbouring Corbetts, Corbett Tops, Grahams

and Graham Tops. In addition to extensive text amendments, the images throughout the book are enhanced and there are a number of new images, including the cover. This is the definitive hillwalkers' guidebook to the Munros, compiled by the Scottish Mountaineering Trust on behalf of the Scottish Mountaineering Club.
