Roads, highways, and points of interest are very well marked. There is an extensive city index, map key and mileage gauge. Even small towns are noted on the map. Map arrives in a folder. I was very pleased with this map.2 of 4 people found the following review helpful. Good MapBy 2dogmomIt appears to be an excellent map, but experience has taught us that actually using it is the definitive proof....how much detail it contains. We have yet to use it. However the material is sturdy and waterproof.

The Rough Guide Map Spain Portugal combines clear modern mapping and bang-up-to-date research and is the essential companion to anyone travelling around these two neighbouring countries. Whether you're exploring the Moorish monuments of Andalucía or Portugal's miles of Atlantic coastline the Rough Guide Map provides invaluable information to help you find your way. The map is printed on waterproof and rip-proof Polyart™ paper and includes detail on everything from road numbers and campsites to beaches and airports.
