Brittany is one of the most popular regions of France, with highlights including Mont-St-Michel and the medieval city of Rennes. "The Rough Guide" map is ideal for those touring by car - a popular option amongst visitors from the UK and Ireland. The map includes all the ferry routes into St Malo, and all the roads across the region from autoroutes to tracks. There are also footpaths and contour lines for those hiking around the national parks and coastlines. As with all the maps in the "Rough Guides" series, this map is made of rip-proof, waterproof Polyart paper, durable enough to survive a trip spent in the car seat-back, rucksack, and cafe table-top.
