**Robert Andrews : The Rough Guide to England** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to England:

2 of 3 people found the following review helpful. rough guide to england review By adamsfam this guide is a good guide for someone who wants to see things other than the run of the mill tourist sites and has good lodging ideas for those on a budget and beyond. 0 of 2 people found the following review helpful. Buy only if you are in a hurry. By MGPros: Easy and quick purchase to Kindle may come handy if you don't have time to buy a book. Cons:- no list of

content - difficult to navigate, clickable list with locations would help, you have to search the book or just click through the chapters- unreadable maps completely blurred after zooming- no driving/parking directions for cities which is essential for car trips- no camping informationI used to prefer Rough Guide to Lonely planet because I drive and camp but this book does not inform about any of these.5 of 8 people found the following review helpful. A review of the Kindle versionBy C KingI have become very "gun shy" of buying any Kindle versions of books other than novels and all word texts. Diagrams, maps and pictures all fail or lose some features. Thus it was with some trepidation that I ordered the Kindle version of this guide. But I so much wanted to take advantage of the Kindle's portability, that I tried it anyway.The result was a disaster. The maps, which are so important to a guide, were unusable. So within a few days I canceled my access. Therefore this review only addresses the Kindle aspect and not the content of the guide. So please don't apply my rating to the printed version.

"The Rough Guide to England" is the definitive guide to this fascinating country with clear maps and detailed coverage of all the best attractions in England. Discover England's highlights with stunning photography and information on everything from how best to explore England's beautiful countryside to the country's rich collection of castles, cathedrals and prehistoric remains, with plenty of offbeat attractions along the way. Find detailed practical advice on what to see and do in England, relying on up-to-date reviews of the best hotels and restaurants, the most authentic pubs and clubs, and the most exciting activities and experiences. Accurate maps and comprehensive practical information help you to explore every corner of this superb country, whilst stunning photography and a full-colour introduction make "The Rough Guide to England" your ultimate travelling companion.
