text, unlike The Lonely Planet. Also, many street names are missing on the maps, even though there is plenty of room to have included them.⁴ of 4 people found the following review helpful. comprehensive and enjoyable guide

This is a readable, useful and accurate guide with up-to-date resources. It covers everything useful you'll need to know. My only complaint: it's a bit bulky, but it does cover the whole country.⁰ of 0 people found the following review helpful. Five Stars
