I am presently using it to plan our stay in Rome this spring.24 of 24 people found the following review helpful. Yes, it's a map!By jptraderSome brilliant people might be shocked to find out that this is a map, so be prepared...If that is what you're looking for, this is a great one. It is waterproof and tear resistant..two great features if you plan on being rough with a map (which usually doesn't take much). Also has points of interest indexed on map (sights, food, bars, etc.) and a time guide for major sights (in Rome museums and such often have odd operating hours).All maps should be so well designed.12 of 12 people found the following review helpful. A great mapBy CustomerAt last - a map which is unfazed by sweaty pockets, being crumpled up in a tote bag, rain showers, or endless handling. We mauled this map all through hot sweaty Rome and it was perfect. Everything is on there. No, it is not a guide book! It's a map - and a really good one.

This map shows every shop, restaurant, bar and hotel in the Rough Guide travel guide to Rome, together with their opening times and, in many cases, phone numbers. Each map covers the main area of the city on one side and an enlarged city centre map on the reverse.
