**Rob Humphreys : The Rough Guide to the Czech Republic** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rough Guide to the Czech Republic:

6 of 6 people found the following review helpful. A good book for a country that believe it or not is hard to find books on By D. Alan I have almost every book on the Czech Republic you can think of. I like how this one covers more than Prague like the other reader said. It is nice that it only covers the Czech Republic first off because it's smaller for me to carry around, and second we are not in the cold war era of Czechoslovakia anymore and most publishers still think we

are! I have a Bradt guide to Slovakia when I want to read about that country. I also like the D.K. Eyewitness guide to because at least that one only has a little bit of Slovakia in the back and has beautiful pictures. The Rough Guides are good for information and train travel times, I like the Lonely Planets for hotels, and off course bradts for countries that are hard to find books on (like Slovakia, Estonia, and Ukraine). I never got the bradt guide to Czech Republic though. Maybe I'll buy it when the new one comes out. In the mean time na shledanou!1 of 1 people found the following review helpful. Good readBy Vojtech RemesAs a Czech republic citizen I am familiar with about 65 % information described in the the book and the book is very acurate. Although I must admitt that some comments describe situation in 1993 rather than 2013 e.g. the timetables in trainstations are not on big cylinders anymore for like fifteen years.Still, it's a great guide with many tips for trips even for nationals.I recommend it!0 of 0 people found the following review helpful. Four StarsBy ariel jacobvery good, informative and helpful. easy to carry and use.

The Rough Guide to Czech Republic is the ultimate travel guide, with detailed coverage of all the best attractions the Czech Republic has to offer.
