Jules Brown, Rough Guides : The Rough Guide to the Lake District 4 (Rough Guide Travel Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rough Guide to the Lake District 4 (Rough Guide Travel Guides):

14 of 15 people found the following review helpful. Rough Guide to the Lake District By Ian L. James I used this book

extensively both in preparing for a week spent in the Lake District. It proved to be very detailed and accurate, as well as very up-to-date as regards prices / website addresses, etc. I have been to the area several times in the past, and this guide really brought back all the memories and had me chomping at the bit to return. While there, I used it constantly, and not once did it provide any inaccurate information. A good guide book is essential for any trip - and this is one of the best I have ever used.
