Jules Brown : The Rough Guides' Barcelona Directions 1 (Rough Guide Directions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rough Guides' Barcelona Directions 1 (Rough Guide Directions):

0 of 0 people found the following review helpful. Great Travel bookBy Diane SimmonsI travel alot and typically buy another brand of travel books. My boyfriend actually bought this book, and thank goodness he did since it is the greatest book I have ever used for recommendations on places to shop and eat. Every single place we ate in from this book (and we tried alot), was as described and very very good. I am looking forward to going to travel again using this brand of books!!!

Slim, stylish and pocketable, Barcelona Directions is full of ideas for stop-overs, long-weekends and flying visits to one of Europe's most popular city break destinations, richly illustrated with hundreds of specially commissioned photos. The full-colour introduction features 28 themed spreads - from shopping and designer bars to architecture and art galleries. The main section of the guide, "Places", gives a district-by-district account of the sights, restaurants, shops, transport links and nightlife - all generously illustrated. Every listing and review is pin-pointed on accompanying user-friendly maps.
