If you are not a Club Kid, buy the Eyewitness book that also covers Minorca and Maellorca. That book is for a wider audience. While I'm sure this volume will help all the clubbers out there find the "Iberian Beat" it was NOT specific about other things-- like beaches or restaurants! I read it cover-to-cover before arriving on Ibiza, yet it was awfully difficult to get the lay of the land. If you care about DJs more than navigation or advice, try this book. Otherwise, pick another one!

It covers just about everything, background info, restaurants, beaches, clubs/bars, shopping. I'm not sure why the other reviewer called this a "clubbers book", I think they must have meant a different book. There is info on clubs, which is a large part of the island's draw for many people.

However, it is by no means the majority of info in the book. It also covers the island of Formentara, which is a definite must-do day trip. I would have liked a better island map, although driving around is fairly easy as the roads are pretty well marked with directional signs. Definitely a good purchase, I took the book with me everyday.

PariserThis comprehensive guide, illustrated with beautiful color photos, will take you to other parts of Ibiza that other visitors can't even dream of. And the accurate restaurant and hotel recommendations can't be beat!

Ibiza Formentera Directions is packed full of ideas for a holiday on these captivating Mediterranean islands, richly illustrated with hundreds of specially commissioned photos. Fitting snugly in your pocket, it is the ideal companion whether you're seeking out the lively clubs of the cosmopolitan capital Ibiza Town or searching for beautiful undeveloped coves such as Cala Boix or Cala Mastella. The full-colour introduction features twenty themed spreads – including Kids Ibiza, inland attractions, yoga retreats and chic boutiques. The main section of the guide gives an area-by-area account of the sights, restaurants, hotels, transport and nightlife – all supported by photographs. There are detailed maps throughout, on which every listing and review is pinpointed.
