Also being a big fan of Dorothy Dunnett, I've been looking for this book for a long time, and was excited to see that it was available. It didn't disappoint. In fact, it is all that I expected and more. It is gorgeous. When browsing through the pictures, I immediately recognized many familiar spots. As would be expected from Ms. Dunnett, the prose is also excellent. It is nice to be able to virtually see favorite places between physical visits.2 of 2 people found the following review helpful.
