Highly recommend this bookBy LSelkieHighly recommend this book !Also there is lot of repetitions , it gave a correct picture of former Soviet Union life .It's very different from "mandatory" description of USSR as an evil empire.I found this book most truthful so far.0 of 0 people found the following review helpful. Great book to stumble uponBy LeefreeTerrific storytelling and interesting insights even 45-plus years later. Especially fun "visiting" the same places via Google Street view.3 of 3 people found the following review helpful. "The Siberians" by Farley MowatBy Joseph S. CarrilhoThis is a VERY good book. Read it AFTER reading "The Desperate People" - same great author. These books are a history of what sadness has happened and very well could, can, happen again: GREED CONTROL.
