Luis Maria Pedrosa dos Santos Graca : The Templar Castle of Tomar before purchasing it in order to gage whether or not it would be worth my time, and all praised The Templar Castle of Tomar:

16 pages of color photos, maps, inscriptions and text describing the history of the Knights Templar, their role in the Christian Reconquest of Portugal and their establishment of the castle of Tomar in 1160 on the banks of the River Zêzere. Now called the Convent of Christ, the castle is a UNESCO World Heritage site.
