The Times UK : The Times Atlas of London: The Story of a Great City Through Maps, History and Culture (The Times Atlases) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Times Atlas of London: The Story of a Great City Through Maps, History and Culture (The Times Atlases):

Authoritative and prestigious atlas with detailed mapping and photographs for the whole of Greater London. Fully up-to-date reference maps, statistics, images, and historical mapping give an exceptionally detailed view of London helping you explore this great city. Contents include; The mapping of London 12 pages covering the history of mapping London with extracts from maps from the 16th century to the present day. London in context Regional map of the southeast Physical map with rivers and parks of London Geology Climate Comparisons with other British and

international Defining London The Greater London area Parliamentary constituencies map, London Assembly constituency map. Chronology of London London Today Sections on each London borough, listed alphabetically. For each borough there is to be a locator map and selected street mapping, either to show changes (using street mapping 1908, 1941 and 2010) or just to provide greater detail—for example the City, Westminster and Kensington and Chelsea as well as the southern parts of Camden and Islington The sections on the boroughs are to be interspersed with thematic spreads covering London-wide topics.

"Times Books has produced yet another treat with this magnificent volume, the latest title in the prestigious Times Atlas series., Sheetlines, Journal of the Charles Close Society
