**Thomas Roscoe : The Tourist in Spain. Andalusia (Facsimile edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tourist in Spain. Andalusia (Facsimile edition):

0 of 0 people found the following review helpful. Text good, artwork badBy John KentThe reproduction quality of the artwork is terrible. If you want the book for the text, the book is certainly fine. If you collect beautiful engravings from the 19th century, this reproduction is poor. So, maybe it has to be a trade-off between paying a high price for an original edition or paying much less for a lousy reprint like this one. Maybe some publishers do a better job than this one. There are many of these print-on-demand type reprint books nowadays. A few have been good, but most, in my

experience, are poor (again - for artwork). I am becoming increasingly wary of spending money on these. Saving up to buy the originals may be a better use of money. I wonder though: how can the publishing technology of 150+ years ago be better than the high-tech world of today? I don't get it..

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

About the Author DAVID ROBERTS (1796-1864) was one of the most acclaimed landscape painters of his time. He made an extended trip to Egypt and the Holy Land in 1838-39, during which he made the series of drawings that brought him lasting fame
