As human beings we contemplate the places we have traveled. Our eyes and our bodies remember the sensations these sights have provoked. However, it is in our hearts where our experiences have joined together, forever changing our soul. In *The Way of Santiago, The Way of the Heart - Messages for Pilgrims*, Pablo Arturi Prieto uses stunning photographs to take us on a visual pilgrimage along the French Route to Santiago de Compostela. The images present allegories and messages that reflect the adventure of life. *The Way of the Heart* provides numerous exercises and contemplations that invite you to experience profound healing with an open and receptive heart. By working with the material in this book, you can explore a myriad of possibilities that can lead you on exciting new trails on the path of life. Through his words and images, Pablo Arturi Prieto reminds us that our heart leads the way on the journey that is life, regardless of the path we may take. The book is divided into journal accounts or 34 "Messages," analogous to the stages or days of travel along the Camino from France.
