**Tony Reeves : The Worldwide Guide to Movie Locations Presents: London** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Worldwide Guide to Movie Locations Presents: London:

From Notting Hill, to Lock, Stock, James Bond, An American Werewolf in London, Bridget Jones's Diary and Harry Potter - London is one of the greatest cities in cinema. Now, following the unprecedented success of The Worldwide

Guide to Movie Locations, Titan Books is proud to present what is - amazingly - the first ever dedicated guide to movie locations in London and the South East. The first in a major new series of movie location city guides, London includes full-colour features on major locations and is packed with anecdotes, behind-the-scenes information and everything the traveller needs to know, but all with a movie-related slant. It also contains a brief introduction to the city and its place in film history, maps of walks around different areas, details about key yearly festivals and events, such as the London Film Festival, and an index of film titles.
