**Sam Llewellyn : The Worst Journey in the Midlands** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Worst Journey in the Midlands:

0 of 0 people found the following review helpful. Great stuff. Makes me want to follow in his footsteps. Well, avoid his footsteps...By CustomerEarly writing of Llewellyn, before he perfected his sarcasm, and before he realized that writing himself as omniscient would go over better than writing himself as bumbling. Or maybe in his youth he was bumbling, and became omniscient.6 of 6 people found the following review helpful. This book had me laughing out loudBy A Lover of Good BooksI found this book in the stacks of our local Public Library.Written in 1983, it details a trip made in an old rowboat from Wales to London via rivers and canals. The author's dry wit--much of it directed at himself--is delightful.I found this book especially refreshing as I have recently read a couple of the Extreme Adventure books that are so popular now. This book reads like a parody of such works, though written long before them.I'm glad to see that the author is still writing and appears to have a good readership.
