A good overview of Danish life.By firenmikeThis book is a fine compliment to other books I have read about Denmark. I have not lived their, but my son is trying to integrate into that civilization. He tells me the stories and I have a much better picture of Danish culture based on books like this. I would recommend this book as an introduction to Danish culture.3 of 3 people found the following review helpful. Funny, so true and very entertaining readBy Hanne Margrethe HansenI thoroughly enjoyed this easy read, and have purchased several copies for non-Danish friends and used as a host(ess) gift in lieu of flowers or wine - lasts longer and is a better laugh!
