**Dennis Kelsall : The Yorkshire Dales - North and East: Swaledale, Wensleydale, Nidderdale** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Yorkshire Dales - North and East: Swaledale, Wensleydale, Nidderdale:

This walking guidebook to the Yorkshire Dales offers 42 day walks and suggestions for longer treks in the north and east of the Dales National Park, including the Howgills, Mallerstang, Nidderdale, Wensleydale, Swaledale and Coverdale. The walking ranges between 3 and 12 miles, with advice on how to extend the routes. Each valley has a character of its own, and this intimate and varied landscape harmonises, as nowhere else in the country, the work of nature and the hand of man. This guide takes you on an exploration of the dales and surrounding hills and moors among some of the most remarkable limestone landscape in the country, illustrated with OS mapping and evocative photography. It is one of a two-volume series of walks in all of the Yorkshire Dales.

About the Author Dennis and Jan Kelsall are outdoor writers and photographers, contributing to various magazines and producing a weekly walking feature for the Lancashire Evening Post. They have a keen interest in the environment, its geology, flora and wildlife. Other titles by Dennis and Jan Kelsall published by Cicerone are The Pembrokeshire Coastal Path, Walking in Pembrokeshire and The Ribble Way.
