**Richard E Lauterbach : These are the Russians** before purchasing it in order to gage whether or not it would be worth my time, and all praised These are the Russians:

It had me absolutely convinced that Finns were Nazis who boiled the heads of Russian prisoners, and that Germany perpetrated the Katyn Forest Massacre. The latter might admittedly be consistent with Nazi racial attitudes toward Poles, but our "friend" Joseph Stalin was the perpetrator. The Finns were, of course, defending themselves from Stalin.
