This book is great. I only gave it 4 stars because it was not as informative as I had hoped. It was like a basic tour of Edinburgh but it did not really explain some of the things seen. I would have liked it to have given more facts about each things we were seeing. The section about tartans did a better job of this. I would like to see a new version of this book with added information about each building.

Love this book! Excited to read it to my grandson and show him what we saw when we recently visited Edinburgh.
