John Aubrey : Three Prose Works (Centaur Classics Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Three Prose Works (Centaur Classics Series):

Completely reset in modern format, this new edition brings to-gether works of Aubrey long out of print and unobtainable. The text of the Miscelanies follows the first (1696) edition in spelling, style, and punctu-ation, and the same principle has been adopted for the Remaines and Observations. In addition to a full introduction the editor has supplied appendices, textual notes, and a biographical index to persons mentioned in the three works.
