Barcelona City Guide by the publishers of Time Out is a free NetGalley ebook that I read in late July. Under the simple categories of Explore, Experience, Understand, and Plan is a huge wealth of things to do, view, and places to stay in Barcelona. The sights seem to have an artistic/architectural theme to them, such as the works of Gaudi, Picasso, Miro, and 14th-15th century churches and cathedrals. Otherwise, some of the photos taken in full daylight have a too-bright, over-saturated look to them.

About the Guide The Time Out Barcelona City Guide unveils the best kept secrets of the Med's most engaging destination. Unparalleled in its enthusiasm for a good time, Barcelona barely has time to take down the bunting between its rollicking festivals. When there isn't an all-night fiesta on the street, there's more than likely a party on the beach and never any shortage of action in its clubs and bars. All of this takes place in a perfect climate and against a backdrop of mind-blowing modernista architecture and a cityscape as varied as any. Gentler pursuits are also myriad; Barcelona's museums have got it all covered from Picasso to perfume, it's galleries are among the most avant-garde in Europe and its history writ large in the churches and perfectly preserved medieval alleyways of the Barri Gotic. Key features Written by an unrivalled network of local experts to give visitors the very best city experience Chapters are arranged by area with colour coding and a local map for each section, helping readers navigate the guide and the city with ease Hundreds of hand-picked restaurants, cafes and bars that have been visited and reviewed anonymously by critics who pay their own way A range of magazine-style feature articles really help readers get a feel for the local vibe, main attractions and brilliant itineraries Includes a pull-out city map to help visitors navigate their way between the sights
