Time Out : Time Out Copenhagen 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out Copenhagen 2:

10 of 10 people found the following review helpful. Great Guide BookBy HelenaI recently went to Copenhagen in mid-July 2004, and this was my first time there. I didn't know anything about the place and I needed to find good information about accommodation, restaurants, and transportation. This Time Out Copenhagen Guide book was truly informative and accurate. I stayed in a hotel mentioned in the book and it was great (lovely romantic rooms). I tried

one of the restaurants recommended and that was wonderful too (great food, lovely atmosphere). Other witty and funny information about the history, famous/not-so famous Danish people, etc., in the Guide helps me to understand the city and locals more. I am really pleased with this guide book. I have ordered many guide book in the past (e.g. EyeWitness Guides) and I find Time Out Guides to be better in comparison. The information about the hotel accommodations, restaurants, etc., are spot-on, uptodate, and very useful. I will definitely buy more Time Out Guides for other cities in the future. I really recommend Time Out Guide book to anyone who are deciding on which Guides to buy.

There's more to Denmark than Carlsberg and Lego, and far more to Copenhagen than Tivoli and the Little Mermaid. This guide to Copenhagen features: a comprehensive guide to the city's shopping; the best of the city's varied nightlife, cafe, bar and restaurant scenes; an authoritative guide to Copenhagen's architecture and museums; detailed profiles of Denmark's most famous citizens; and comprehensive full-colour maps with map references for every venue featured in the guide.

"Fantastic, au courant listings of both hotels and restaurants include salient details to nail the essence of a place and provide all practical info."
