**Time Out : Time Out Florence 2 (Time Out Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Time Out Florence 2 (Time Out Guides):

Time Out seemed to provide good, up-to-date commentary on shops, restaurants, sites, etc. In Florence, however, I found a major problem with the book. I

discovered a number of inaccurate addresses and open times for shops, restaurants and museums. I wasted valuable time tracking down the nonexistent addresses or going to places which were closed at times the book said they would be open. If you decide to buy this book, my advice would be to call the shop, restaurant, museum, or wherever you want to go in order to verify the address and/or open times. 6 of 6 people found the following review helpful. A Must for Restaurant Searches! By A Customer On our recent trip to Florence, my sister had this book, and I had Access Florence Venice. Although my book organizes by districts and is therefore useful when out and about, the restaurant listings have much to be desired. My sister's recommendations out of Time Out were all EXCELLENT, and we decided halfway through our trip to ignore my book's restaurant listings and use Time Out exclusively. 3 of 6 people found the following review helpful. Raves for Time Out Florence and Tuscany By A Customer I've relied on Time Out Guides and Magazines for several years in planning travel in the states and abroad. Time Out Florence did not dissappoint. It is easy to use and full of useful, and not always easy to find, information. I especially like the publisher's inclusion of information for the gay and lesbian traveller. Buy this book!
