From Time Out : Time Out London For Londoners before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out London For Londoners:

Time Out London for Londoners guide is an insider's guide like no other: this must-have book contains everything you'll ever need to know about the city. Cosmopolitan, multicultural, fascinating, sprawling, confusing... London is

Europe's biggest and most exciting metropolis. And this is the ultimate handbook to it. Borough by borough, Time Out takes you through the London that tourists don't see the day-to-day life of the capital. Each area is dissected, by way of facts and figures (council tax, transport, schools, house prices, rents, crime statistics, etc), by amenities (restaurants, cafés, pubs, bars, parks, shops, markets, sports facilities, arts venues, play areas) and by atmosphere (Is it good for families? Singles? Culture? Sport? Is it safe? Or dull? and so on). We'll reveal whether an area is on the way up, and what the proposals are for its future.
