**Time Out : Time Out Milan 1** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Time Out Milan 1:

1 of 1 people found the following review helpful. Fairly current but misses the mark By N. Searle I am a little disappointed with this Time Out guide. I have the Time Out Amsterdam guide and found it very useful but have not found the same in the Milan guide. While it is, as of summer 2003, one of the most updated guides, it somehow misses

the essence of Milan. Granted the area is not particularly touristy, but both the restaurant and shopping recommendations were lacking. 2 of 2 people found the following review helpful. Lacks detail but is up-to-date By N. Searle I purchased this book after being extremely happy with "Time Out Amsterdam" but was disappointed. The Milan version lacks detail and has limited restaurant and hotel listings. It is the most recent Milan book available (at least when I bought it) but I thought Time Out could have done better.

This comprehensive guide provides the visitor with in-depth, authoritative coverage of Milan, the lakes and Lombardy. It contains information on where to stay and eat and includes details on restaurants, bars, museums and art galleries.
