Time Out : Time Out Moscow 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Time Out Moscow 1:

7 of 7 people found the following review helpful. A very helpful guide to Moscow. By A Customer On a recent trip to Moscow I used this book, and found it very helpful. It is both intelligently written and laid out. Although, its section on St. Petersburg is very short compared to that of the section covering Moscow, it is to the point, and helpful. There are so many different beautiful places in Moscow this book really helps when deciding where to go. The metro maps

really come in handy since they are in English. The information is not influenced by advertisers, so you know you can count on the opinions of the authors. You can't always count on the prices listed though, since they change regularly and are higher if you are not Russian. (Though you get a general idea) Overall this is a great book and I recommend it to any one considering visiting Moscow or St. Petersburg. 8 of 9 people found the following review helpful. The best guidebook for Gen-Xers By Roselyn H. Time Out guides are the best! Their reviews and write-ups are funny, entertaining but very true. I used to live in Moscow and the places they mentioned are top and are the places to BE. The sightseeing, essential info, restaurants and bars were all very well reviewed and described.

Leading visitors through the anarchy and excess of boomtown Moscow all the way to the cultural sanctuary of St. Petersburg, this essential guide to Russia's twin capital cities has been exhaustively researched by local residents. Capturing the surging excitement and unpredictability of the post-Soviet revolution, the guide provides detailed information on museums and galleries, the wild club scene, ballet, opera, fascinating trips outside the cities' limits, and much, much more.
