Time Out : Time Out Seville and Andalucia (Time Out Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out Seville and Andalucia (Time Out Guides):

8 of 9 people found the following review helpful. Not A Great Time Out GuideBy S. PactorI've had good luck with the Time Out guide series- London, Amsterdam, Berlin- it's always been there for me. On my recent trip to Andalucia, I was unaware that this particular Time Out guide existed until I saw it at Heathrow airport, so of course I snatched it up. And... well- it was pretty dissappointing. Wife and I still referred to three times as often as we did our Fodor's (let

alone the near useless Michelin guide to Spain) but I just felt like it was more of a "miss" than a "hit." Perhaps that's just a reflection of the fact that southern Spain is not the hip n' happening local that Time Out excels at covering... One main example came in Granada, where we found this totally cool student bar- Bar Liberia, where they specialized in playing jazz and soul records where the beers were literally cheaper than anywhere else in the city. Also, the bar had been there for 25 years and yet- not in the Time Out guide. Another example came on our visit to the Alhambra- which is- I might add- the number one tourist attraction in Spain. We had purchased our tickets in advance via the internet. Time Out told us to get there super early to wait in line to pick up our tickets, so we went way early only to find out that they had ticket dispensing kiosks for pre purchased tickets- no waiting necessary

This guide provides extensive coverage of Andalucía's stunning architectural and cultural heritage, with information on the region's many festivals, from centuries-old Semana Santa to the electronic mayhem of Creamfields Andalucía. Side trips explore the region's gorgeous coastline as well as lesser-known provinces like Jaén, Almería, and Huelva. Up-to-the-minute reviews detailing the best places to stay, eat, shop, and party in Seville and other major cities, including Córdoba and Granada, make Time Out Seville and Andalucía a great resource for travelers.

"Scores highly in its readability and portability...great maps, accommodation, shopping and restaurant details make it (almost) as vital to your next trip as your passport" Everything Spain "Coverage of the cities and resorts is as good as it gets... This has to be the guide to take along for the ride." The Sunday Times "Literally peppered with all the quirky extras for which Time Out is well known" The Observer About the Author Founded in 1968, Time Out has grown from humble beginnings into the leading resource for anyone wanting to know what's happening in the world's greatest cities. Alongside our influential weeklies in London, New York, Chicago and Dubai, we publish more than 20 magazines in cities as varied as Beijing and Beirut; a range of travel books, with City Guides now joined by pocket-sized Shortlist series; and an information-packed website. The company remains proudly independent, still owned by Tony Elliott four decades after he launched Time Out London. Written by local experts, and illustrated with original photography, our books also retain their independence. No business has been featured because it has advertised, and all restaurants and bars are visited and reviewed anonymously.
