From Time Out : Time Out Shortlist Barcelona 2011 before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out Shortlist Barcelona 2011:

4 of 4 people found the following review helpful. Became my Constant Companion in BarcelonaBy C. SheaThis little book was a great investment in our trip to Barcelona. We spent three days in this beautiful city before a Med cruise and this book really helped us make the most of our time there. The detailed information and maps of the subway

system allowed us to make our way around the city easily and cheaply (cabs are very expensive). It seemed like there are a million restaurant choices in Barcelona so having reliable descriptions and reviews in the book was a huge timesaver also. Barcelona is a big city and is comprised of a diversity of neighborhoods, some very nice, some not so much, so in this respect, the book kept us from wandering into the more dicey areas. The size of the book was the secret to its success, the compactness allowed us to carry it in a purse or pocket whenever we were out and about; a larger or heavy book rarely leaves the hotel room. This book saved us time, money, and potential problems. Would highly recommend it to anyone traveling to Barcelona. 0 of 0 people found the following review helpful. Five Stars By Jose A. Zubietagreat5 of 5 people found the following review helpful. Perfect size and good info By Ben P This book went everywhere with us in Barcelona. It fit perfectly in the back pocket of my jeans, has great maps and good info about the different areas. We did try to go to one of the restaurants listed in the book, but found that it has been closed for a while. However, the size, portability and detailed maps more than make up for that.

Unparalleled in its enthusiasm for a good time, Barcelona barely has time to take down the bunting between its rollicking festivals. When there isn't an all-night fiesta happening on the street, there's more than likely a party on the beach and never any shortage of action in its clubs and bars. All of this takes place in a perfect climate and against a backdrop of mind-blowing Modernista architecture and a cityscape as varied as any. Gentler pursuits are also myriad; the city's museums have got it all covered from Picasso to perfume, its galleries are among the most avant-garde in Europe and its history is writ large in the churches and perfectly preserved medieval alleyways of the Barri. Time Out's resident team helps travelers get the best from the thrilling capital of Catalonia, with illuminating features and independent venue reviews covering everything from historic tapas bars and clubs to quirky tours and festivals. Barcelona is eternally popular because the city has a panache all its own. Though there is plenty to keep travelers in the city, suggested side-trips to various mountains, beaches, and vineyards are also included.
