From Time Out : Time Out Shortlist London 2013 before purchasing it in order to gage whether or not it would be worth my time, and all praised Time Out Shortlist London 2013:

0 of 0 people found the following review helpful. Nice to have a Must-See, Tube/Road Map is greatBy EmBeeI got the print version of this, and although I didn't go to a lot of the locations mentioned in this book I really liked the way it was set up. It's easy to browse, but also easy to look for specific things through the index in the back. I used the map

in the back of the book ALL THE TIME while I was there, because the book is small enough to carry around but big enough not to strain my eyes. Actually, I'd recommend it for the resources in the back on its own, and the Must-Sees are great if you're only going to be there a short while and need an idea of what you absolutely HAVE to see. I'm a fan!
